

Advice for members for Training at COVID-19 Level 2

I hope you are all safe and well in your bubbles. Following the Prime Minister's announcement, I am pleased to announce that the Club will reopen for training to our members from Sunday 14 June. We have carefully considered what we need to do to ensure the safety of our trainers and members, and I hope you will join us in continuing to remain vigilant and maintaining appropriate social distancing.

Level 2 precautions for all training which apply to everyone:

1. If you are sick or experiencing any flu like symptoms such as sore throat, runny nose, cough or fever, however mild, please **do not** come to the club - see your doctor.
2. All classes will be limited to ten including the trainer.
3. Class start and finish times will be staggered to reduce the numbers of people entering the premises at the same time. Please arrive on time, and leave immediately after your class.
4. No observers please.
5. One trainer per dog on the premises.
6. There will only be two classes held at any one time – one class per arena.
7. There will be no access to the club house apart from the bathrooms.
8. Hands must be sanitized as we come into the club gate and the bathrooms.
9. All gates will be left open during training to avoid anyone touching the gates
10. Trainers will collect the names and contact numbers of each class member for track and trace purposes.
11. No seats or table will be put out.
12. Social distancing of 1m will be observed at all times when on the premises, or upon entry and exit.
13. Members are encouraged to turn up on time, and leave immediately after their lesson
14. Dogs will not be mingling. This means that there will be no puppy play time in the play area until further notice. Socialisation will take place at a distance of 2m between each dog/human.

I am grateful for your attention to these details – it will help to keep all of us safe. I look forward to welcoming you back to the Club soon.

Ngā mihi nui

Sandy
